

Directions & Parking

How far is nearest train station and how to get to the hotel without my own car?

Coming **from North or South** it is suggested to take fast trains **to Firenze** and then a local train **to Siena** , getting off in **Poggibonsi**.

Closest train station **is in POGGIBONSI** ,about **10 km far** from the San Gimignano:[Check train schedule online](#)

Bus service is available **from Poggibonsi train station to --> San Gimignano** very often:[Check bus schedule online](#)

Closest bus-stop to our hotel is **Porta San Matteo**.

Please ask the bus driver if possible to get off at Porta San Matteo which is the second stop once you arrive to San Gimignano, we are just 100 meters walking up the historic main street on the right. From April to October a **parking shuttle is available** to get in front of the hotel with your luggage

However, **the best way to get to our hotel** from Poggibonsi train station in case you don't have a car, **is by taxi** . Once you get to Poggibonsi by bus or train, taxi are usually standing out of the train station and will take you to the front of the hotel

Please **always require** to be taken **to the front of the hotel**; we had feedback by our guest about some taxi drivers who may try to leave you at Porta San Matteo , stating false reasons due to restricted area to save time.

For later arrival or any difficulty **please call us** anytime at **0577 942014**
